Dear Joe,

Thank you for your nice letter - as you can see, we still maintain our old post office box.

Isn't John G. one of the best? Yes, it has been several years since we last corresponded and longer since we have had the pleasure of personally visiting with him. We did have an opportunity to have dinner with John Terpak last year before the Olympics - another favorite York friend.

As I recall the 1952 article about Bev and Geo. Crowle was probably the last article I wrote for the magazine - so don't believe you have missed any.

Abby Whelden "Pudgy" Eville wed Les Stockton on July 14, 1941. Our daughter was born on May 31, 1953. Les was born October 29, 1916.

I was born in Santa Monica, Calif. and Les was born in Madison, Wisconsin. Our daughter was born in Santa Monica.

Your business venture sounds very interesting, and should prove to be a good source of information to many people.

Have you seen the first issue of THE FEMALE PHYSIQUE ATHLETE written by Al Thomas and Steve Wennerstrom? They included a short page about my work in past years in there. Published December 1983.

Best of wishes.

Sincerely,

Foremost Female Physical Culturist
