

sending me IM again. He has promised to let me have a free sub when he took over, kept it up until I blasted his arse for not replying to my letter asking why he had remitted payment for an article HE had TOLD ME to write-- he still hasn't paid for it.

Now I am getting IM again. Why, I ask. Not that I complain. But for my money IM is going from bad to just sheer horrible. It is as bland as baby's pap. Just sheer bullshit pabulum. Dull. Dreary. Boring. Lifeless. Utter nonsense is dispensed by Brother Bradley Steiner who just can't seem to stop himself from telling his readers how wonderful he is, how he is a great Karate man and a Hypnotist etc etc. The mag is crammed full with Ph'ds and one is tempted to holler "IS THERE A DOCTOR IN THE HOUSE." It is poorly edited and I am fed up with Tepid Lonnie Tepper. Too many articles by one or two men--- Sternlicht had THREE in it. Again poor editorial policy, and something for all his faults-- and and he got 'em--- the Wunderkind would never have been accused of. At times I wrote every single one of the articles in any given issue of his muscle mags. But most of 'em had different names.

Am me.

You may wonder why I am so anxious to get a free sub from Balik. Simple. I think he OWES ME THIS. For this reason. For years and years I wrote for the Honest, Upright, Christian man from Nebraska and never was paid a penny. Each issue carrying one of my scores on scores of articles, I asked for, and was asked to remit cost of mag PLUS POSTAGE. Even when my last article appeared in the mag just before Balik took over, I think it was the bit on the old timers bash, I asked for a copy and was ASKED TO REMIT \$ 250 cents. two fifty. True I was paid--- 100 bucks--- but this sort of cheap skate carrying on pissed me off more than somewhat. Dead issue now though.

I have never believed half of the stuff Anderson claimed to have done. I did see him do that so called squat with 1200. At last they SAID it was 1200. But at the time he was professional. The silver dobars may have scaled 1200. I had to take the announcers word for it. But SQUAT ? Half squat you mean. Sort of parallel squat such as is now done in Power Lifting.

I can't pass comment on Ski's opinion of Anderson But I do suggest that, if you have Ski's number, you might phone him and get his opinion and if what he said was true. Might make a good issue for a future RR. Nu ?

Doug said little to me about Anderson. I remember Doug whipping his butt in the Junior Nationals and Paul not believing what was happening. I do know that Doug would write me asking for training advice which he would promptly exchange with Anderson, he and Paul writing to one another re training aspects. So I suspect that much of the advice I gave Doug re training, found its way into Anderson's routines. ME HELP HEBBURN! Christ I TRAINED THE MAN FOR all the years he was an amateur. I WROTE ALL OF HIS ARTICLES appearing in Joe's mags. If it hadn't been for me Doug would have remained unsung and unknown. Ask Randall Strossen what Doug told Randall.

Getting back to Bob Paris. I can understand his position. But I do not agree he has any right to force that on others. His sexual preference or inclination is HIS affair and he should, for decency's sake, keep it to himself. While I would be the first to support any gay's claims to civil rights, I do not support his breaking of our laws, such as they are. And I do not care to mix with, or contact a man who in so many cases is a debaucher of young men and children--- in other words I do not like pedophiles. They are a bloody menace. So what Paris--- if that is his real name and here's another thing for you to dig into for your RR--- does PRIVATELY is fine by me but it should be kept private. Bloody fools like Balik, who appears to have not
